# EMBRACE

## ENERGY EFFICIENCY

The unique honeycomb-shaped cells in cellular shades trap air to insulate from heat and cold.

## INSULATE IN STYLE

An attractive closed cell design creates pockets of air that insulate windows from heat and cold to lower your energy bills year round. Offering excellent sound absorption, cellular shades also reduce noise in rooms with hard flooring. Cellular shades are customizable with four opacity levels and three cell sizes.

With Perfect-Vue™ Shades, combine shade types for a completely unique window treatment. A pleated fabric on top pairs with a cellular fabric on the bottom, allowing you to make the most sensitive adjustments to light levels, privacy, and mood.

◀ Large Window: 3/4" Single Cell Cellular Shade with Motorized Lift: Solitude, Walnut Shell 2715; Small Window and Door: 3/4" Single Cell Cellular Shade with Motorized Lift: Scroll, Walnut Shell 2317

▲ 3/8" Double Cell Cellular Shades with Cordless Lift: Cocoon, Molten Silver 3828; Drapery with Back Tabs: Maiolaine, Misty 4101

COORDINATED STYLE  
FOR WIDE WINDOWS

Outfitted with the same benefits on a grander scale, Graber Slide-Vue™ Cellular Shades are specially designed to accompany larger windows and patio doors. Like their horizontal counterparts, they come in four opacity levels and three cell sizes.

3/8" Double Cell Slide-Vue Cellular Shade: ▶  
Sala, Antique Map 2052

# EXPLORE

REFRESHING IDEAS

Look beyond traditional vertical blinds to discover vertical cellular shades, which shield homes from heat and cold.

# UNFOLD

## YOUR DESIGN VISION

Eye-catching pleated shades complete a pretty, pristine aesthetic.

## PERFECT FABRIC FOLDS

Pleated shades add depth and structure to traditional shades through evenly spaced, crisp folds of fabric. Available in many stunning textiles, from sheer and light filtering to room darkening, these shades can be tailored to your preference for privacy and light control.

EvenPleat® Pleated Shades feature a back-ladder support, guaranteed to keep pleats evenly spaced and prevent sagging. For the same great style without the back-ladder design, FashionPleat® Pleated Shades are a more economical option. Both styles are available with 1" or 2" pleats, appropriate for windows of distinctly different scales.

◀ 1" Sun Up/Sun Down Pleated Shades with Cordless Lift: Serendipity, Gorgeous Gray 5702 (top) and Magnolia, Smoky Gardenia 4952 (bottom)

▲ 1" Pleated Shades with Motorized Lift: Prism, Liquid Bronze 2251

---

## EARTH-TONED, ECO-FRIENDLY

---

Decorators have discovered the unspoiled beauty of natural accents. This gentle, untouched aesthetic invites the balance of the natural world into your environment, connecting you to colors and textures of the landscape.

In keeping with this trend, Graber Tradewinds® Natural Shades are constructed from organic, renewable resources, including bamboo, jute, and grasses. Optional liners add more privacy and light control.

Coordinate easily with the same organic materials in natural drapes or sliding panels.

Standard Roman Natural Shade with Cordless Lift: Saterra, Azure 03269 and ►  
6" Premiere Valance; Drapery with Plain Top: Blanchefleur, Shade 4120;  
1" Finesse Pole with Lambeth finials: Bronze 436

and Edge Banding: Chocolate 7006

# TRAVEL

---

WITHOUT LEAVING HOME

---

Natural shades imbue ordinary windows  
with an exotic flavor.

# CONNECT

FUNCTION WITH FLAIR

Maintain the sleek subtlety of roller shades, or add a custom touch or eye-catching pattern.

## PRACTICALITY MEETS SUPERIOR STYLE

Match any type of décor with Graber LightWeaves® Roller Shades. These elegant shades are easy to operate and add sophisticated flair to any room. Choose from designer-inspired fabrics in a multitude of hues, patterns, and possibilities, including jacquards, stripes, and delicate woven textures. For a finishing touch, add embellishments like a scalloped hem and beaded or gimp trim.

In addition to hue and pattern, choose the opacity of your roller shades according to how you would like to regulate the light: sheer, light filtering, room darkening, or blackout.

Many of our exceptional roller fabrics are also available in Panel Accents™ Sliding Panels for a coordinated look throughout your home.

◀ Roller Shades with continuous Cord Loop Lift: Debut, Autumn 02903

▲ Roller Shades with Motorized Lift and Cassette Valance: Cambridge RD, Clay 1120

## CLASSIC STYLE, DRAMATIC IMPACT

Form follows function with easy-to-operate Graber LightWeaves Solar Shades. These stylish yet classic shades protect against glare and UV rays while maintaining the vista outside your window. Available in a variety of openness factors, solar shades regulate the light to your exact preference.

The streamlined design can be incorporated into any room, with several valance choices providing a variety of finishing touch options.

Many of our solar fabrics are also available in matching Graber Panel Accents Sliding Panels.

Solar Shade: Twine, Metal 40247 with Cassette Valance; ►  
Drapery with Grommet Top: Abella, Black Silver 4080

Solar Shade: Twine, Metal 40247 ▲

# REVEAL

## INSPIRING PANORAMAS

Solar shades can preserve views while keeping UV rays at bay.

## CREATING COMFORT IN OUTDOOR SPACES

Porches, patios, and decks allow you to connect with the outdoors and extend the living space of your home. With the addition of Graber LightWeaves Exterior Solar Shades, these areas can also be comfortably protected from intense sun and excessive heat.

Since these shades tend to be larger and installed in higher, harder-to-access areas, they pair perfectly with motorized lift: the light streaming in to your patio can be controlled with the touch of a button.

Hung outside porch windows, exterior solar shades block the sun before its rays reach the glass panes and impact the interior.

## ESCAPE

THE HEAT IN STYLE

Exterior solar shades temper the sun's rays so you stay cool outdoors.

# TRANSFORM

## YOUR VIEW

A clever combination of roller and solar shades can refresh a sleepy outlook.

### DOUBLE YOUR OPTIONS

Control the amount of light entering your room and attain your preferred degree of privacy. This innovative design pairs two fabrics from our solar and/or roller collections, allowing you to raise and lower each shade independently. Keep solar shades drawn on sunny days to view the outdoors while blocking UV rays. In the evenings, accompanying roller shades offer privacy.

Dual Shades with Continuous-loop Lift and Cassette Valance: ►  
Roller Shade (front): Harmony, Huntsman 02604;  
Solar Shade (back): Wicker, Tawny 41010

Dual Shade: Roller Shade (front): Monaco, Enchant 1291;  
Solar Shade (back): A500, Bisque 40465 ▲

## SLENDER FABRIC FOLIOS

While expansive windows and patios may provide breathtaking views, they also require large-scale shading solutions. In those cases, Graber Panel Accents™ Sliding Panels are an ideal alternative to traditional vertical blinds.

The extra-wide fabric panels can be coordinated with solar, roller, and natural shade fabrics to complement the palette of one room, or complete the design aesthetic of an entire home.

In addition to providing decorative and functional shades for large-scale windows, sliding panels are perfect for patio doors, room dividers, or closet doors.

## PURSUE

### NEW POSSIBILITIES

Think beyond blinds: sleek sliding panels give patio doors a clean, modern facade.

◀ Solar Shade with Cordless Lift: Marquesa, Golden Hazel 41031 and Cassette Valance; Sliding Panels in Solar Fabric with Left Draw and Wand Control: Marquesa, Golden Hazel T1031

## ELEGANCE AND SPLENDOR

Traditions® Wood Shutters can add warmth and beauty to your living spaces. Made from exceptional North American hardwoods, these shutters can be enhanced with a wide assortment of paints, stains, options, and upgrades.

Uniquely designed to resist fading, cracking, and peeling, Graber Traditions Composite Shutters bring the classic, refined look of shutters to rooms that require a particularly durable solution. Perfect for high-humidity areas, these shutters are ideal in kitchens, laundry rooms, and bathrooms.

3½" Wood French Door Shutters with Colonial L-Frame, Rectangular Cutout, and ►  
Hide-a-Tilt™ control: Walnut 1012

2½" Composite Café Shutters with Standard L-Frame: Silk White 2922 ▲

## SOAK

### UP THE CHARM

Custom wood and composite shutters mix an old-world, romantic motif with durable design.

# GRAVITATE

## TOWARD NATURAL BEAUTY

Each wood blind features its own unique fingerprint, a story told in whorls, knots, and grain.

## WARMTH AND ARTISTRY

From rustic to ultramodern, wood blinds can take on a variety of paint and stain colors, setting the tone for your living spaces and carrying an aesthetic theme from room to room.

We start with the basics—superior materials and craftsmanship—so you can focus on the details that will make your Graber Traditions® Wood Blinds the perfect addition to your home.

Whether your décor is traditional, contemporary, or eclectic, versatile Graber Traditions Wood Blinds can add warmth and beauty to your living spaces.

◀ 2" Wood Blinds with Cord Lift/Wand Tilt: Horseshoe 1760 with Carved Tassels and Cloth Tapes: Black 2033

▲ 2" Wood Blinds with Cord Lift/Wand Tilt: Horseshoe 1760 with Carved Tassels and Cloth Tapes: Black 2033; Drapery with Cartridge Pleats and Color Blocks: Chaise, White Sand 0147 (top) and Chaise, Loden 0148 (bottom) with Premium Fabric Wrapped Casual Cornice: Chaise, White Sand 0147 with 3/8" Cord Trim: Mingled Cream 3715

## ENDURING STYLE

Transform any room with sturdy, strong, and cost-effective Graber Faux Wood or Composite Blinds.

An affordable alternative to wood, Lake Forest™ Faux Wood Blinds are easy to clean and engineered to withstand moisture.

The perfect counterpart to wood blinds throughout your home, Lake Forest Premium Faux Wood Blinds coordinate beautifully in matching color and wood grain.

Traditions Composite Blinds combine the extraordinary look of wood with enhanced durability, making them a perfect addition to high humidity areas such as kitchens, bathrooms, or laundry rooms. Where traditional wood blinds are not recommended, these perform beautifully.

2" Faux Wood Blind with Cord Lift/Wand Tilt and NoHoles™ Option: Natural 5007 ▶

2½" Composite Double Bevel Blinds with Cord Lift/Wand Tilt: Arctic White 9539 ▲  
with Majestic Valance and Cloth Tapes: Duck White 2136

# BALANCE

## LOOKS AND PERFORMANCE

Faux wood and composite blinds blend the natural look of wood with the ruggedness of moisture-resistant materials.

# CHANGE

## DIRECTION

Ideal for patio doors and generous windows, vertical blinds add visual contrast to rooms featuring horizontal window treatments.

## BEAUTY ON A GRANDER SCALE

Sophisticated Graber Vertical Blinds give patio doors and large windows drama and dimension. Fabric, sheer, or vinyl vanes form a perfect top-to-bottom solution. Use them to make a bold color statement, match an existing color in your décor, or continue the look of your Graber Vinyl Horizontal Blinds, simply on a larger scale.

Fabric vertical blinds are available in light filtering and room darkening fabric.

Traditional vinyl vertical blinds combine linear beauty with functional charm for long-lasting appeal. Available in either crown or S-shaped vane styles to create just the right look.

Sheer vertical blinds combine the flowing appearance of drapery and the practicality of easy privacy and light control. When rotated open, vinyl vanes draped in sheer fabric let in softly diffused light.

◀ Fabric Vertical Blinds with Cord and Chain Control: Tahiti Weave, Tortoise Shell 0454; Regal Wood Cornice, Walnut 1012

▲ Vinyl Vertical Blinds with One Touch Wand Control: Chenille, Off White 9790

---

## COLORFUL CLASSICS, DURABLE AND DEPENDABLE

---

Economical horizontal blinds make a subtle statement. Aluminum blinds feature an anti-static finish that repels dust and resists scratches and stains while designer vinyl blinds offer extra-thick PVC slats for improved privacy, durability, and energy efficiency.

Horizontal blinds come in varying slat sizes so you can create the look that fits the scale of your window. Larger slats provide a clearer view. Easily regulate the light in each room with your choice of controls. Ensure that your blinds provide the level of privacy you desire with routeless blinds or cloth tapes.

2" Grandeur™ Aluminum Blind with Cord Lift/Cord Tilt: White Satin 205 ►

1" Aluminum Blind with Cord Lift/Wand Tilt: Brushed Aluminum 121 ▲

# RETURN

---

## TO BASICS

---

These horizontal blinds are popular because they perform valiantly while perfectly echoing a room's palette.

# FIND

## UNEXPECTED TEXTURE

Graber Sorenta™ Fabric Blinds fuse woven fabrics with the familiar functionality of conventional blinds.

## A DEPARTURE FROM ORDINARY

Woven fabrics meet traditional blinds, resulting in window treatments that are as sensible and stain-resistant as they are sensuous. Fabric blinds are lightweight, quiet, and stand up beautifully to heavy-traffic, high-humidity rooms.

Cultivate coziness with lighter-color fabrics that filter light for a warm, welcoming glow. Or, create a calm atmosphere with deeper hues.

A versatile design statement, Sorenta Fabric Blinds accommodate large-format windows and patio doors and complement other window treatments, such as draperies and top treatments, for a unique total window solution.

◀ Sorenta Fabric Blinds with Cord Lift/Cord Tilt and NoHoles™: Harmony, Yankee 0808 and 3½" Wood Legacy Valance: Pickled White 1762. Drapery with Back Tab: Joia, White Gold 4160

▲ Sorenta Fabric Blinds with Cord Lift/Cord Tilt and NoHoles: Harmony, Yankee 0808

# FINISH

## YOUR WORK OF ART

Artisan drapery can transform windows into head-turning art pieces.

### DRAWN WITH DETAIL

Grabier Artisan Drapery is created with elegant details—double-turned hems, mitered corners, sewn-in liners, and bottom weights—to ensure that your drapes hang beautifully. Choose from an exclusive collection of sophisticated fabrics, including solids, prints, stripes, jacquards, and sheers. Then, add a touch of designer style to your décor with coordinating top treatments or pillows.

Roman shades allow you to add volume and soft folds of exquisite fabrics to your room. Choose a classic flat style for a look that's clean and chic, or add graceful dimension with richly folded waterfalls.

Pinched Pleat Drapery: Esme, Lakeside, 4640; Classic Flat Roman Shade with Cordless Lift: Trace, Cerulean 4522; 2" Wood Blinds with Cord Lift/Wand Tilt: Pickled White 1762; 1" Finesse Pole with Cylinder Finial: Brushed Nickel 442

Pinched Pleat Drapery: Esme, Lakeside, 4640 ▲

# CONTROL

YOUR COMFORT WITH THE  
TOUCH OF A BUTTON

Automated shades featuring Virtual Cord™ control give you one-touch power over your environment.

## SUPERIOR CONVENIENCE, STYLE, AND SAFETY

Indulge in the ease and elegance of Graber motorized cellular and pleated shades with the revolutionary new Virtual Cord control.

Manage your ambiance and showcase your style with the touch of a button—this technology is designed with a quiet, gentle motor to retain the pleats and folds of your thoughtfully chosen window treatments.

Plus, you'll bask in the satisfaction that comes with the superior safety motorized shades provide. With no dangling cords, neither your view nor your peace of mind will be disrupted.
