WINDOW FASHIONS

A close-up, vertical photograph of light filtering window blinds. The blinds are a light, warm color, possibly 'Mocha Aura', and are partially open, allowing soft, diffused light to filter through. The perspective is from a low angle, looking up at the slats.

Window fashions for the way you live.

Every window provides you with an opportunity to revitalize your home. The right treatment not only beautifies a room, but enhances privacy and security, light control and energy efficiency. Whether you are covering a single window or considering options for an entire house, Comfortex has innovative styles perfectly suited for the way you live today. Each has been designed with easy maintenance, care-free operation and child safety in mind, and is covered by a lifetime warranty.

Cellular Shades

The enduring simplicity of Comfortex Cellular Shades, combined with their outstanding insulating capabilities, make them ideal for virtually any setting. The patented single and double honeycomb fabrics block drafts, keeping rooms warmer in winter and cooler in summer. As they boost energy efficiency, they also effectively control light, offering a range of opacity levels from light filtering to blackout. Choose from traditional and cord-free hardware, including the ComforTrack™ Energy Saving Sidetrack System and SlumberShades™ - the ultimate blackout shade.

Limitless Options

There is a cellular hardware system to meet every need: cordless, top down-bottom up, room darkening sidetracks, motorization and more.

Cellular Specialty Shades

Uniquely shaped windows are easily accommodated with Cellular Specialty Shades. From sliding glass and French doors, to arches, trapezoids, octagons and skylights, these movable or stationary treatments are customized to your exact specifications. Hand crafted for a precision fit, Specialty Shapes deliver Energy Smart performance just like standard rectangular shades, but accentuate the contours of the most dramatic window layouts. Select a double or single honeycomb fabric, depending on the design.

Great Shapes

Many Specialty Cellular Shades are fully operational and open and close smoothly with proven hardware systems.

Odysee™ Cellular Blinds

Odysee is the only window treatment of its kind, offering the convenient operation of a blind with the soft fabric look and feel of a cellular shade. The dimensional 1-inch cells expand to create a layer of insulation, and compress to reveal a clear outdoor view. Create a welcoming ambiance with either light filtering or room darkening cells. Choose from a soothing neutral tone or express your sense of style with texture or pattern to create a look uniquely your own.

One-of-a-Kind

When the cells are expanded, Odysee looks like an insulating cellular shade. When compressed, Odysee takes on the appearance of a blind.

Odysee Cellular Blinds with Simplicity motorization.

Privada™ No Holes Privacy Pleated Shades

Privada celebrates the timelessness of crisp pleated shades, but without visible lift cords and fabric holes. This clean, contemporary look maintains exceptional privacy and light control, and is heightened by an assortment of the latest colors and textures. The polyester fabric is white to the outside, easy to care for and blocks nearly 100% of harmful UV rays. The Privada Skylight Shading System is an affordable specialty hardware option for this hard-to-cover application.

Pleats Forever

The Privada lift cords extend down the back of the shade to prevent light leakage through cord holes and ensure a firm, creased pleat.

Privada™ Linen Privacy Pleated fabric shown on Cord Lock hardware.

Shangri-La® Sheer Horizontal Shadings

Shangri-La Sheer Horizontals gently soften the incoming sun. The Shangri-La fabric vanes are suspended between dual sheer layers, and tilt to adjust privacy, control light and minimize UV damage to interior furnishings. The exclusive Omni-View Hardware System does what no other sheer hardware can – raise the fabric up to 24” with the vanes open – while allowing for a wide range of shading variations. Enjoy the view with pull cord, radio frequency motorization or our innovative cordless PowerTouch option.

See and Believe

The exclusive Omni-View System provides versatile view-through options simply by pulling the Shangri-La cord loop or pushing a button.

Envision™ Roman, Roller and Panel Track Shades

Envision Roman, Roller and Panel Track Shades showcase the finest decorator fabrics in solids and patterns, as well as high performance solar screens. Find the Envision Shade that is right for each window – a streamlined roller, classic Roman or sliding panel track design. Roller shades offer modern accents including metallic hardware, bottom bandings and decorative pulls. Roman shades feature traditional tear drop or flat panel folds, while panel track shades cover large windows and doors, even serving as room dividers. Place different Envision Shades within a room to unify the entire space.

Cutting Edge

The Envision fabric collection include solids, prints and woven selections in today's most sought-after colors.

LIMITED LIFETIME WARRANTY

Our commitment to quality, as with all Comfortex Window Fashions, is extended to all Comfortex products in the form of a limited lifetime warranty. Our limited lifetime warranty is extended exclusively to the original purchaser of the product. Comfortex limits this warranty to covering materials and workmanship. Comfortex will not cover damages caused by accidents, misuse or failure due to the improper installation or application of the product.

OUR COMMITMENT TO SAFETY

A pioneer in cordless window design, Comfortex Window Fashion is committed to child safety. We offer the most reliable and innovative cordless solutions for your home. In addition to the cordless hardware options, every Comfortex shade and blind has components specifically engineered to limit the dangers posed by dangling pull cords. Comfortex includes instructions on how to properly install these devices and encourages all customers to use them in the home. Comfortex recommends cordless hardware operating systems for all homes with children and pets.

OUR COMMITMENT TO THE ENVIRONMENT

Comfortex strives to be environmentally responsible through the use of responsible materials, sustainable manufacturing and employing energy efficient methods. With each day and each new product we develop, we will look at the overall impact on the environment which we and successive generations all share.
